

WallMaster

WALL MOUNT WITH STEEL HOUSING

WallMaster wall mounted belt barriers are the ideal solution for restricting access in corridors, warehouse isles and loading bays. WallMaster's steel housing is available in black and polished chrome finishes to suit interior décor and high visibility red, yellow and orange finishes for safety applications. Available in four belt lengths up to 15ft, these units are supplied with screws for fast, easy fixing. A wall receiver clip for attaching the belt end to a wall is included.
